Pass With Distinction Mathematics Book 4 by Paper Teh Keng Seng 2010-01-01 PREFACE This book is specially written for students preparing for the GCE O Level Examination in Mathematics Syllabus (4016). It consists of 10 revision exercises, each comprising Paper 1 and Paper 2, based on the LATEST syllabus. The format and weightage of the questions follow those of the specimen examination papers issued by the Examination Board closely. Investigative and problem-solving questions are included. New Examination Format Paper 1 consists of about 21 to 26 compulsory short questions worth a total of 80 marks. The duration of the

paper is 2 hours. Paper 2 consists of 10 to 11 questions of varying marks and lengths testing more on higher order thinking skills. Candidates must answer ALL questions. Calculators may be used in both papers. The weightage for both papers, however, will be equal, each accounting for 50% of the examination. It is hoped that this book will help students to gain confidence and be fully equipped for their forthcoming examinations.

New Syllabus Additional Mathematics Workbook Dr Joseph Yeo 2013-01-01 New Syllabus Additional Mathematics (NSAM) is a series of textbooks and workbooks designed to prepare students for the Singapore-Cambridge GCE O-level examination in Additional Mathematics. Together with the textbook, the workbook will provide students with ample practice to apply the various skills and concepts learnt to solving problems in both examination and real-life situations. The workbook contains the following features: REVISION NOTES Revision Notes are found at the start of each chapter. They emphasise the important concepts and formulae in the chapter. PRACTICE QUESTIONS Practice Questions provide students with a wide range of questions for further practice. The questions are classified into three levels of difficulty. ♦ questions require students to use specific skills and concepts in the chapter directly to solve problems. ♦ questions require students to apply their skills and concepts to solve problems. ♦ questions require students to apply various skills and concepts, including the use of problem-solving skills, to solve problems. Revision Exercise The Revision Exercise is found after every few chapters to help students to recall and consolidate all the concepts learnt in these chapters. Mid-Year

Specimen Papers and End-of-Year Specimen Papers The Mid-Year Specimen Papers and End-of-Year Specimen Papers have been written to follow closely to the format of school's Mid-Year and End-of-Year examinations. It is hoped that when students use this book, to reinforce the concepts that they are weak in, they will eventually gain success in Additional Mathematics.

Be Afra Oladipo G. B. Ogunseitan 2010-08 Be Afra. Be a frater. Be a brother. Be our brother's keeper. 'Love the Brotherhood' was the message of Beloved Afra, for which he was crucified 500,000 years ago on a continent named after him - AFRICA. There are more things in heaven and earth than are dreamt of in our philosophy, science and religion. Life is not a happenstance. The Berlin Act 1885, the Biafran War 1967-1970, June 12, 1993, Sep 11, 2001; the election of Barack Obama as the 44th President of the USA or any other event in life is not a happenstance. This is demonstrated in Be Afra Volumes 1 & 2, using numerological analysis and cosmic clock charting. The Cosmic Law operates throughout the universe, seen and unseen. Be Afra discusses the origin of man, the root races with particular emphasis on the fourth root race, the progenitor of the black race; the law of karma, reincarnation, free will and other aspects of the cosmic law. Each root race has a divine purpose and from the beginning was endowed with divine love, wisdom and power to fulfill that purpose. Each had the knowledge of the cosmic law. Be Afra draws on sacred writings, If, Yrb legends and deep analysis of Yrb language to demonstrate that the black race had knowledge of the Everlasting Gospel, the Teaching that should keep mankind free from ignorance or defiance of the Law. Ignorance of that Law is no excuse. We are who we are and where we are, by series of decisions we took, at the Y-junctions of life. Beloved Great Divine Director, Manu of the seventh (the incoming) root race said: "Perhaps we have been a bit timid ourselves, or should I say

conservative and dignified, in not employing more spectacular methods to acquaint mankind with the wonderful product which we have to offer. After all, blessed ones, we are marketing divine freedom to the earth and conveying it to individuals every day, yet we are seldom seen or heard in the marketplace of life. Perhaps the 'shouting from the housetops' through the multitudes of antennas reaching out into the ethers shall one day convey a greater measure of heaven's law to the earth. We shall see." (Pearls of Wisdom Vol. 8 S/No. 21 dated May 23, 1965)

The O Level Book 2011-07-31 With the recent scrapping of GCSEs fresh in everyone's minds, The O Level Book is the perfect book to settle that age-old argument between the generations: were the exams of yesteryear really harder than anything children have to face today in the age of calculators and spell checkers? Are contemporary kids less intelligent than previous generations? Here is the chance to find out as the whole family pit their wits against one another in the ultimate generation game, contrasting the schooling of yesteryear with modern educational practices. Testing you on a range of old-school topics: English Language; General Science; Geography and History; Household Cookery; Mathematics. A wonderfully nostalgic yet testing anthology, The O Level Book encourages you to dust off your slide rules and get your thinking caps on to see who will come out on top in your family!
