Notes from a Small Island Bill Bryson 2015 In 1995, before leaving his much-loved home in North Yorkshire to move back to the States for a few years with his family, Bill Bryson insisted on taking one last trip around Britain, a sort of valedictory tour of the green and kindly island that had so long been his home. His aim was to take stock of the nation's public face and private parts (as it were), and to analyse what precisely it was he loved so much about a country that had produced Marmite; a military hero whose dying wish was to be kissed by a fellow named Hardy; place names like Farleigh Wallop, Titsey and Shellow Bowells; people who said 'Mustn't grumble', and 'Ooh lovely' at the sight of a cup of tea and a plate of biscuits; and Gardeners' Question Time. *Notes from a Small Island* was a huge number-one bestseller when it was first published, and has become the nation's most loved book about Britain, going on to sell over two million copies.

Unforgiven Elizabeth Finn 2013-10-03 A mistake made long ago . . . Pain buried so deep . . . When Bailey Trent returns home to her small Ozark mountain town after being away for nearly six years, she is prepared to face the ghosts of her past. It does not mean she's prepared to come face to face with the cruelest of those memories. Darren Cory's life is a shell of what it once was, and when he's forced to look at the cause of his agony over and over, hatred rises to further blacken his days. But hating Bailey also destroys him, forcing him to become someone he doesn't recognize or want to be. Can Darren find a way to move past the pain and forgive the woman he once cared so much for before his anger consumes them both? Or will he drag them both into the hell of an unforgiven past?

Imperial Intimacies Hazel V. Carby 2019-09-24 Winner of the British Academy's Nayef Al-

Rodhan Prize for Global Cultural Understanding 2020 Highly commended for PEN

Hessell-Tiltman Prize 2020 A haunting and evocative history of British empire, told through one woman's family story "Where are you from?" was the question hounding Hazel Carby as a girl in post-war London. One of the so-called brown babies of the Windrush generation, born to a

Jamaican father and Welsh mother, Carby's place in her home, her neighbourhood, and her country of birth was always in doubt. Emerging from this setting, Carby untangles the threads connecting members of her family in a web woven by the British Empire across the Atlantic. We meet Carby's working-class grandmother Beatrice, a seamstress challenged by poverty and disease. In England, she was thrilled by the cosmopolitan fantasies of empire, by cities built with slave-trade profits, and by street peddlers selling fashionable Jamaican delicacies. In Jamaica, we follow the lives of both the "white Carbys" and the "black Carbys," including Mary Ivey, a free woman of colour, whose children are fathered by Lilly Carby, a British soldier who arrived in Jamaica in 1789 to be absorbed into the plantation aristocracy. And we discover the hidden stories of Bridget and Nancy, two women owned by Lilly who survived the Middle Passage from Africa to the Caribbean. Moving between Jamaican plantations, the hills of Devon, the port cities of Bristol, Cardiff, and Kingston, and the working-class estates of South London, Carby's family story is at once an intimate personal history and a sweeping summation of the violent entanglement of two islands. In charting British empire's interweaving of capital and bodies, public language and private feeling, Carby will find herself reckoning with what she can tell, what she can remember, and what she can bear to know.
