Norton Anthology of World Religions Cunningham, Lawrence S 2015-02-18

This magisterial Norton Anthology, edited by world-renowned scholars, offers a portable library of more than 1,000 primary

texts from the world's major religions. To help readers encounter strikingly unfamiliar texts with pleasure; accessible introductions, headnotes, annotations, pronouncing glossaries, maps, illustrations and chronologies are provided. For readers of any religion or none, *The Norton Anthology of World Religions* opens new worlds that, as Miles writes, invite us "to see others with a measure of openness, empathy, and good will..."

Unprecedented in scope and approach, *The Norton Anthology of World Religions: Christianity* brings together over 150 texts from the Apostolic Era to the New Millennium. The volume features Jack Miles's illuminating General Introduction—"How the West Learned to Compare Religions"—as well as Lawrence S. Cunningham's "The Words and the Word Made Flesh," a lively primer on the history and core tenets of Christianity.

The Norton Anthology of English Literature. The Major Authors. M. H. Abrams 2003-06-01 Booklet includes over seventy

four color plates, accompanied by lively and informative captions that tie the images to the literary works in *The Norton Anthology*. **Studying English Literature** Tory Young 2008-05-22 Studying English Literature is a unique guide for undergraduates beginning to study the discipline of literature and those who are thinking of doing so. Unlike books that provide a survey of literary history or non-subject specific manuals that offer rigid guidelines on how to write essays, *Studying English Literature* invites students to engage with the subject's history and theory whilst at the same time offering information about reading, researching and writing about literature within the context of a university. The book is practical yet not patronizing: for example, whilst the discussion of plagiarism provides clear guidelines on how not to commit this offence, it also considers the difficulties students experience finding their own 'voice' when writing and provokes reflection on the value of originality and the concepts of adaptation, appropriation and intertextuality in literature. Above all, the book prizes the idea of argument rather than insisting upon formulaic essay plans, and gives many ways of finding something to say as you read and when you write, in chapters on Reading, Argument, Essays, Sentences and References.
